PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience shipping Laravel APIs and admin panels alongside React.js and Vue.js SPAs. Comfortable owning features end-to-end — from database design and authentication to responsive UI, realtime features, payment integrations and deployment. Seeking roles focused on Laravel + modern JavaScript (React / Vue) product engineering.

- 5+ years building production web apps with Laravel, React.js and Vue.js
- Strong REST API design, MySQL optimization, auth (Sanctum) and role-based systems
- Modern SPAs and dashboards with React, Next.js, Vue, Tailwind and realtime (Pusher)
- Payment gateways, e-commerce, CRM/ERP SaaS and WordPress delivery for clients

EXPERIENCE

PHP & Laravel Developer Jun 2025 – Jul 2025
Meezotech · Karachi, Pakistan

- Contributed to backend development using Laravel and PHP across multiple web projects.
- Built REST APIs enabling smooth communication between frontend and backend systems.
- Optimized database queries to improve application performance and scalability.

Full Stack Developer Aug 2024 – May 2025
Pervadorit · India (Remote)

- Led development of gaming/casino platforms using React.js frontends and Laravel backends with responsive, modern UIs.
- Integrated secure payment gateways (Cash App, Checkbook, FortuneFinex) for seamless user transactions.
- Implemented SEO best practices to improve search rankings and site performance.

Software Engineer Oct 2023 – Aug 2024
Freelance · Karachi, Pakistan

- Delivered custom Shopify stores that optimized shopping experiences and increased conversions.
- Built dynamic, high-performance websites with WordPress and Laravel focused on scalability and security.
- Developed single-page applications (SPAs) with Vue.js and React.js for rich interactivity.

Junior Developer → Software Engineer May 2020 – Oct 2023
360 Tech Solutions · Karachi, Pakistan

- Built full-stack applications with React.js frontends and Laravel backends, improving UX and system efficiency.
- Worked across multiple Laravel projects on backend development, API integrations and database optimization.

Web Developer

Sep 2022 – Nov 2022

ZN Production · Karachi, Pakistan

- Contributed to project-based website development with a focus on backend integration and responsive design.
